Subject: RE: San Juan data in SADIE? - Gold King Mine ER

Probably not. Let's let Lucotch identify the projects that need to be added. Some of these may be redundant, only a different subscription.

I see R6 and R9 Gold King related projects. I assume we should we add those too?

2649	R6 Gold King Analytical	USEPA Region 6	18/11/2015 6:20:52 PM
264	R6 Gold King Mine Blowout		

2640	R9 Gold King Mine Blowout	USEPA Region 9	7

Subject: FW: San Juan data in SADIE? - Gold King Mine ER

Dudes,

We need to get the R9 San Juan River scribe projects into our removal subscription and added to SADIE_Goldkingmine. Please let me know if ERT need approval from R9. Copy Randy Nattis on your request to ERT.

Subject: San Juan data in SADIE? - Gold King Mine ER

Thanks John,

From the R9 perspective, we need to see the data for the San Juan River sampling locations, which all start SJ___. I don't see them in SADIE; are they there under a different name? If not, where can I get the San Juan data?

Cheers,

ned

Subject: SADIE Deployment - Gold King Mine ER

All,

A new version a SADIE specifically for the Gold King ER is now deployed. This version is

integrated with the popups in the Gold King Ops viewer. Region 6 is still working on migrating a Region 8 widget that further integrates SADIE with the Ops viewer.

SADIE – Gold King Mine (the main project to use is Gold King Mine Blowout)

URL: https://r8.ercloud.org/sadie_GoldKingMine

Passwords for all projects: **Region08**

Gold King Ops Viewer
